

Occult Invasion

The New Age

- Today's prevailing mood is broadmindedness not dogmatism.
- The new age is not so much a separate and new belief system as it is an incorporation of all religions under one ecumenical language and head. It is a semantic revolution to unify all religions under the pretence that all roads lead to God.
- The age of unity ask for no absolutes – especially in morals.
- Truth becomes relative and is everything that the individual feels comfortable.
- The modern mentality is fostered by the “human potential” movement that makes everything in the universe subject to man including spiritual and psychic powers to be used for our own end.

Alchemy -In its original, literal meaning, theories and experiments involving the transmutation (dissolving and combining) of base metals to form gold through chemical and/or supernatural processes. Today, it carries the meaning of a mystical transformation in New Age consciousness through various mystical techniques.

- The new spirituality is strongly ecumenical, and dominates not only religion but finds legal enforcement through politics. All direct mention of religion or religious terms is removed and new age philosophy is imported under the guise of history (local tradition) and natural science (evolution).
- The mention of a personal God and devil is removed and replaced with a “godforce” with a dark and light side. (Eastern mysticism)

Jam 1:17 Every³⁹⁵⁶ good¹⁸ gift¹³⁹⁴ and²⁵³² every³⁹⁵⁶ perfect⁵⁰⁴⁶ gift¹⁴³⁴ is²⁰⁷⁶ from above,⁵⁰⁹ and cometh down²⁵⁹⁷ from⁵⁷⁵ the³⁵⁸⁸ Father³⁹⁶² of lights,⁵⁴⁵⁷ with³⁸⁴⁴ whom³⁷³⁹ is¹⁷⁶² **no³⁷⁵⁶ variableness,³⁸⁸³ **neither²²²⁸ shadow⁶⁴⁴** of turning.⁵¹⁵⁷**

- The chaos caused by the enemy worldwide becomes the motivation for world powers to seek unity at any cost – even truth.
- It is acceptable to profess some sort of spirituality and the less defined the more acceptable.
- Occultism wants man to believe that he is a god capable of creating his own reality with his own mind.

Gen 3:5 For³⁵⁸⁸ God⁴³⁰ doth know³⁰⁴⁵ that³⁵⁸⁸ in the day³¹¹⁷ ye eat³⁹⁸ thereof,⁴⁴⁸⁰ then your eyes⁵⁸⁶⁹ shall be opened,⁶⁴⁹¹ and **ye shall be¹⁹⁶¹ as gods,⁴³⁰ knowing³⁰⁴⁵ good²⁸⁹⁶ and evil.⁷⁴⁵¹**

- The Greek mindset of the modern man seeks after knowledge, signs, wonders and power. The promise of godhood and control of ones own destiny suits the appetite of this mindset.
- The modern church confuse occult power manifestations for a great revival and is led to worship at the dragons feet.

Rev 13:4 And²⁵³² **they worshiped⁴³⁵² the³⁵⁸⁸ dragon¹⁴⁰⁴** which³⁷³⁹ **gave¹³²⁵ power¹⁸⁴⁹** unto the³⁵⁸⁸ beast;²³⁴² and²⁵³² they worshiped⁴³⁵² the³⁵⁸⁸ beast,²³⁴² saying,³⁰⁰⁴ Who⁵¹⁰¹ is like unto³⁶⁶⁴ the³⁵⁸⁸ beast?²³⁴² who⁵¹⁰¹ is able¹⁴¹⁰ to make war⁴¹⁷⁰ with³³²⁶ him?⁸⁴⁶

2Th 2:4 Who opposeth⁴⁸⁰ and²⁵³² exalteth himself⁵²²⁹ above¹⁹⁰⁹ all³⁹⁵⁶ that is called³⁰⁰⁴ God,²³¹⁶ or²²²⁸ that is worshiped,⁴⁵⁷⁴ so that⁵⁶²⁰ he⁸⁴⁶ as⁵⁶¹³ God²³¹⁶ sitteth²⁵²³ in¹⁵¹⁹ the³⁵⁸⁸ temple³⁴⁸⁵ of God,²³¹⁶ **showing⁵⁸⁴ himself¹⁴³⁸ that³⁷⁵⁴ he is²⁰⁷⁶ God.²³¹⁶**

- The secular world is in search for political, military and spiritual power.
- Demonic communication to men contradicts itself because it is not just a power that is presented to men but is always accompanied by a consistent anti Christian philosophy.
- The constant message from the devil is: God is an impersonal force, death is not real, man's destiny is to evolve into godhood and the secret to his evolution is knowledge.
- Babylon controlled the masses through a unity of government, church and economical and military power.
- The revival of Babylon at the end of the age carries the same spirit and motive driven by the same devilish power unto the revelation of the Antichrist.

2Ti 3:5 Having²¹⁹² a **form³⁴⁴⁶ of godliness,²¹⁵⁰** but¹¹⁶¹ **denying⁷²⁰ the³⁵⁸⁸ power¹⁴¹¹** thereof;⁸⁴⁶ from such turn away.^{665, 5128}

- By importing new age occult teaching under the veneer of Christian terminology the church gets confused between positive thinking/ confession and faith, God's love and ecumenism, the power of God and the power of the devil.
- The whole world seeks spiritual power; this would become their common bond. The Christian seeks God and His divine will.

Mat 24:24 For¹⁰⁶³ there shall arise¹⁴⁵³ **false Christs,⁵⁵⁸⁰** and²⁵³² **false prophets,⁵⁵⁷⁸** and²⁵³² shall show¹³²⁵ **great³¹⁷³ signs⁴⁵⁹² and²⁵³² wonders,⁵⁰⁵⁹** insomuch that,⁵⁶²⁰ if¹⁴⁸⁷ it were possible,¹⁴¹⁵ they shall deceive⁴¹⁰⁵ the³⁵⁸⁸ very²⁵³² elect.¹⁵⁸⁸

2Th 2:9 Even him, whose³⁷³⁹ coming³⁹⁵² is²⁰⁷⁶ after²⁵⁹⁶ the **working¹⁷⁵³ of Satan⁴⁵⁶⁷** with¹⁷²² all³⁹⁵⁶ power¹⁴¹¹ and²⁵³² signs⁴⁵⁹² and²⁵³² lying⁵⁵⁷⁹ wonders,⁵⁰⁵⁹

2Th 2:3 Let no³³⁶¹ man⁵¹⁰⁰ deceive¹⁸¹⁸ you⁵²⁰⁹ by²⁵⁹⁶ any³³⁶⁷ means;⁵¹⁵⁸ for³⁷⁵⁴ *that day shall not come,* except³³⁶² there come²⁰⁶⁴ **a falling away⁶⁴⁶** first,⁴⁴¹² and²⁵³² that man⁴⁴⁴ of sin²⁶⁶ be revealed,⁶⁰¹ the³⁵⁸⁸ son⁵²⁰⁷ of perdition;⁶⁸⁴

There will come a time before the coming of Christ that the world and church will seek signs and wonders and prophesy. This interest will be stirred by the devil to prepare the souls of men to worship of Antichrist and the great falling away.

2Th 2:10 And²⁵³² with¹⁷²² all³⁹⁵⁶ deceivableness⁵³⁹ of unrighteousness⁹³ in¹⁷²² them that perish;⁶²² **because^{473, 3739} they received¹²⁰⁹ not³⁷⁵⁶ the³⁵⁸⁸ love²⁶ of the³⁵⁸⁸ truth,²²⁵** that they⁸⁴⁶ might be saved.⁴⁹⁸²

Mat 12:39 But¹¹⁶¹ he³⁵⁸⁸ answered⁶¹¹ and said²⁰³⁶ unto them,⁸⁴⁶ **An evil⁴¹⁹⁰ and²⁵³² adulterous³⁴²⁸ generation¹⁰⁷⁴ seeketh after¹⁹³⁴ a sign;⁴⁵⁹²** and²⁵³² there shall no³⁷⁵⁶ sign⁴⁵⁹² be given¹³²⁵ to it,⁸⁴⁶ but¹⁵⁰⁸ the³⁵⁸⁸ sign⁴⁵⁹² of the³⁵⁸⁸ prophet⁴³⁹⁶ Jonah:²⁴⁹⁵

Mar 8:11 And²⁵³² the³⁵⁸⁸ Pharisees⁵³³⁰ came forth,¹⁸³¹ and²⁵³² began⁷⁵⁶ to question with⁴⁸⁰² him,⁸⁴⁶ **seeking²²¹² of³⁸⁴⁴ him⁸⁴⁶ a sign⁴⁵⁹²** from⁵⁷⁵ heaven,³⁷⁷² **tempting³⁹⁸⁵ him.⁸⁴⁶**

- It is clear that even at the first coming of Christ men did not believe in Him although He did many miracles. Why would men all of a sudden believe in signs and wonders and be saved at His second coming?

1Co 1:22 For¹⁸⁹⁴ the⁽²⁵³²⁾ Jews²⁴⁵³ require¹⁵⁴ a sign,⁴⁵⁹² and²⁵³² the Greeks¹⁶⁷² seek after²²¹² wisdom:⁴⁶⁷⁸

- The prophets of the Bible did not foretell a great sign and wonders move of God at the end of the age but a great falling away after the Antichrist because of signs and lying wonders.

Evolution

*The merging of the theological mind and the theory of evolution leads to the denial of a personal, intelligent creator God. (Gas + force + time = humans.)

* Evolution can be seen as one of the cornerstones of the occult and new age "gospel"

- At the center core of the theory of evolution is the devilish lie that man is responsible for his own complexity and intellect and is on an evolutionary path ever upward to godhood. (Man came this far by himself)
- The mystical goal of evolution as understood through Eastern mystics is to become God and become part of the eternal universe.
- The serpent's lie to Eve to become as god continues to dominate the ambitions of modern men.
- Evolution is nothing but the Eastern belief in reincarnation of the soul and body to a higher state of Karma or godhood.
- The theory of evolution once again championed by the **academic** prophets of the new age is now generally accepted by the church and the word of God slandered to be full of error when it comes to "scientific facts".
- "Science " is preached as factual gospel and the Bible must take second place as an "historical" book. Theologians are told to keep informed about results of modern science. Because of man's pride and Greek mindset that seeks knowledge he would rather follow the way of "science" than the way of God.
- To those who do not want to deny God or evolution the theory of theistic evolution developed which says that God used the process of evolution to develop man.
- To deny the specific creation of Adam makes the Bible a mythical book that can no longer contain a consistent theology.
-

2Ti 3:16 All³⁹⁵⁶ Scripture¹¹²⁴ is given by inspiration of God,²³¹⁵ and²⁵³² is profitable⁵⁶²⁴ for⁴³¹⁴ doctrine,¹³¹⁹ for⁴³¹⁴ reproof,¹⁶⁵⁰ for⁴³¹⁴ correction,¹⁸⁸² for⁴³¹⁴ instruction³⁸⁰⁹ in¹⁷²² righteousness:¹³⁴³

- Satan's attack on man is to demote him to the level of just another animal with all the immoral implications implied.

Psa 8:4 What⁴¹⁰⁰ is man,⁵⁸² that³⁵⁸⁸ thou art mindful²¹⁴² of him? and the son¹¹²¹ of man,¹²⁰ that³⁵⁸⁸ thou visitest⁶⁴⁸⁵ him?

Psa 8:5 For thou hast made him a little lower^{2637, 4592} than the angels,^{4480, 430} and hast crowned⁵⁸⁴⁹ him with glory³⁵¹⁹ and honor.¹⁹²⁶

- Evolution allows atheists to justify their unbelief in a personal God, it allows Eastern mystics to justify reincarnation, it allows Newagers to justify their path toward godhood and cosmic unity and allows occultists to justify their belief in an impersonal force.

- If evolution is accepted to be true that means that death preceded man and is not the product of Adams sin. If sin is fiction we have no need of a savior.
- If evolution were true there would be literally billions of fossil records filling the evolutionary gaps of all creatures.
- Evolution fails to explain the diversity and complexity of life and is utterly silent when it comes to the complexity of life on a biochemical level. It also fails to explain why some primitive single cell life forms still remain and failed to evolve into humans.
- Believing in evolution leads another group of false prophets, the psychologists, to take their patients into regression of their past evolutionary lives. This opens the door to the spirit world and is nothing but shamanism.

Occult

- Occult comes from the word occultis that means concealed or hidden.
- Science has subtly moved from physics to metaphysics.
- **Gnosticism:** From the Greek word "knowledge" -salvation comes through secret knowledge. A diverse belief influenced by Greek philosophy and similar to forms of pantheism, Gnosticism generally taught that matter was evil and spirit was good. Forms of Gnosticism affected early Christianity. One Gnostic heresy taught that because matter was evil, Jesus could not have come in the flesh.
- Occult involves mystic knowledge and magic power received from the spirit world and dispensed for the benefit of the devotees. The basic belief is that a infinite force with a dark and light side pervades the universe and those initiated into it's secrets can access and use it to their own ends.
- The source of power is claimed to come from a force, a spirit or man himself.
- Instead of being accountable to a personal God, it is more appealing to become ones own God through mastery of the "force" by rituals, ceremonies or secret techniques.
- The prevailing theme of all occult activity is the deification of man and his liberation from a god that oppress his freedom.

Gen 3:4 And the serpent⁵¹⁷⁵ said⁵⁵⁹ unto⁴¹³ the woman,⁸⁰² **Ye shall not³⁸⁰⁸ surely die:⁴¹⁹¹**

Gen 3:5 For³⁵⁸⁸ God⁴³⁰ doth know³⁰⁴⁵ that³⁵⁸⁸ in the day³¹¹⁷ ye eat³⁹⁸ thereof,⁴⁴⁸⁰ then your eyes⁵⁸⁶⁹ shall be opened,⁶⁴⁹¹ and **ye shall be¹⁹⁶¹ as gods,⁴³⁰ knowing³⁰⁴⁵ good²⁸⁹⁶ and evil.⁷⁴⁵¹**

- One does not need to be righteous nor religious to operate the "force"
- Because of the selfish nature of man the promise of power in the hands of everyone will cause conflict and absolute chaos.
- **Divination:** any occult technique to obtain information from the spirit world using a physical object.
- The mere display of seemingly miraculous power is sufficient to cause many people to follow wherever it may lead, as though anything supernatural must of necessity be benevolent.
- The main techniques of occultism to make contact with the spirit world are:
 - 1) Visualization.
 - 2) Hypnosis
 - 3) Psychological counseling
 - 4) Positive thinking / confession

- 5) Eastern meditation techniques.
- The fact that men are healed or become successful through occult powers does not prove that the purpose behind it is to bless men.
- The devil's intent is to destroy but his bait to entice men is some "apparent good".

Materialism

- Darwinian evolution formed the basis for materialism. **Materialism** does not believe in anything that goes beyond the five senses and the material universe and that cannot be explained by science and laws.
 - Evolution is the father of determinism which states that any theory held by any man is the product of certain physical structures of the holder- perhaps in the brain and body chemistry. All ideas of true and moral would only be the result of random motions of atoms in the brain.
 - **Humanistic psychology** is the evangelist of Darwinism, trying to convince its hearers that man is simply the result of external stimulus and response and body chemistry and that soul is mind. This gospel is called Behaviorism.
 - **Behaviorism** (Stimulus and response) states that the soul has conditioned response to stimuli and therefore can be controlled, programmed and studied as a law of science. Behavior modification is preached as science.
- *To the behaviorist thoughts originate in the brain as the result of chemical and electrical processes. The truth however is that thoughts are the product of the soul which is outside of the brain and eternal. The laws of physics and chemistry applied to the brain cannot explain human personality.
- Instead of producing thought, brain activity is the result of thought.
 - If thought is produced outside of and independently of the brain and therefore must be outside the physical dimension.
 - It may be to the interest of "science" to turn a blind eye to the fact that thought is produced outside the brain, but it is not in the interest of truth.
 - The human soul and spirit does the thinking and use the brain to communicate these thoughts to the body and physical dimension.
 - There can be no science of human behavior because human behavior is unpredictable.
 - Evolution is also the father of **relativism** which state that truth is relative to the person, no ultimate truth exist and what is true for you is not necessarily true for me. **Relativism** denies the existence of a moral and eternal soul and is Satan's attack on the morality of man. If everything is relative then society becomes amoral and there can be no such thing as right or wrong. The logical consequence is that every opinion is equally valid, this is praised as broad-mindedness.
 - If materialism is all there is then occultism or any form of spirituality is simply a delusion.
 - The phenomenon of **remote viewing** (astral projection) is clear evidence to the scientific community that man is more than physical beings.

- Whatever hope is placed in the laws of science on a venture into what is clearly spiritual is nothing but suicidal.
- **Scientism** is the exaltation of science that gives it unquestioned and final authority so that it is the religion of the materialist. Scientism is the psychological dominance of a materialistic philosophy into hardened dogma, masquerading as truth and authentic.
- Rather than admit a personal God science chose **mysticism** and postulates an impersonal force behind creation. Mysticism is at the root of the new age and is the process by which a personal God is denied and described as a force only to be later replaced by the angel of light. The knowledge of the identity of this spirit being is for those who have studied the secrets of laws and rituals.
- In a further attempt to deny the spirit realm and God the academics and psychologists came up with the theory of the "**sub conscious mind**" to explain paranormal activity. Astral projection, automatic writing and devil manifestations are explained as the manifestations of the unconscious or collective unconscious of the mind. The focus is placed on the untapped "human potential". Man is deified unto godhood and the devil, which is denied, claims his prey.
- The Greek mindset is conditioned to accept a scientific explanation and terminology for everything. The respectability of science gives mysticism and the occult the wide acceptance it receives even from the conservatives.

In man's effort to understand and control everything by scientific laws the study of the spiritual or non-physical dimension and occult is named **parapsychology or transpersonal psychology**. The study of ESP and other supernatural phenomena dating to the foundation of the English Society of Physical Research in 1882 and continued through laboratory research at Duke University Parapsychology Laboratory, Stanford Research Institute and elsewhere. This movement attempts to give scientific validity to Occult and/or paranormal activities such as the alleged Psychic abilities of Uri Geller.

- The objective of the devil is to emotionalize and mythologize science so that in effect a belief in the demonic will creep in while the "scientific mind" remains closed to any belief in God or the spirit realm. The spiritual is once again explained by evolution to be a highly evolved species that tries to make contact with man.
- The belief that man has unlimited and **untapped human potential** or that he can contact higher evolved beings through scientific methods makes him in real terms a "Materialistic Magician".
- An altered state of consciousness achieved through "scientific methods" allows devils to take over the brain and create a universe of illusion.
- Science is still on the throne and tries to keep materialism alive in a non-physical realm where it has no authority; this is a recipe for deception and ultimate disaster.
- The human spirit operates the brain. If the connection between the human spirit and the brain could be temporarily disconnected it would allow another "spirit" to operate the brain and subject the person to occult bondage and delusion.
- Men are set free from shortsighted materialism only to be caught and swallowed up in the occult.
- The purpose of devils deception is to convince the deceived that the world of illusion is a greater reality than the material world.

- The promise of all so-called “spirit or ET” entities is to solve the human problem through the promise of power. No amount of power, no matter how high, can solve a moral problem.
- The introduction into the spirit realm through scientific experiments now opens credible men to mislead the masses with “new” information received from ET’s.
- With science as the front devils can bring a whole new perspective on reality and truth to the world.
- Parapsychology now attacks the credibility of the Bible by claiming that God did not inspire it but it’s writers and prophets were only “primitive remote viewers” .
- Psychics, channelers, remote viewers, necromancers, and clairvoyance these are all those who through different techniques make contact and are led by devils.
- **Shamanism** - Spiritual world view of Native American and other early Cultures that believe witch doctors or spiritual leaders can provide healing, guidance, or wisdom through the Occult, Spiritism, or altered states. The shaman’s soul is sometimes believed to leave the body during a trance at which time the shaman will speak with beings from the other worlds or assume animal forms. Shamanism is based on the belief that the spirit world can be manipulated by thoughts in the mind firmly held(positive mental attitude), by words repeatedly spoken(positive confession) and mental pictures of the desired thing.
- The devil establish the credibility of remote viewing by detailing certain actual events and places and then he uses this credibility to destroy faith in the Bible and set up a counter religion.
- Through scientific remote viewing (shamanism) men are misled to believe in UFO’s and alien life. When the time is right devils will invade the earth for the final battle and the deceived will receive them as “aliens”.
- **Scientology** – the belief that man created this MEST (matter,energy, space, time continuum). Man is called Thetans. After creating everything man incarnated the bodies of their creation and is evolving to higher levels while repeatedly reincarnating. Through psychotherapy and mysticism all the trauma is peeled off and man finally breaks through to godhood.
- Scientology is a mixture of the deification of man, psychology, eastern mysticism, parapsychology and the occult.
- Power to everybody brings greater conflict not peace.
- In most Eastern thinking gods are purveyors of energy and finally impersonal. The god is the vehicle of its energy and the energy involved determines the character of the god.
- Demonic communication to men contradicts itself because it is not just a power that is presented to men but is always accompanied by a consistent anti Christian philosophy.
- If there is no God there is consequently no moral obligation towards Him. Everything is relative to the view and experience of the person and there is no right or wrong. If there is no right or wrong then it follows that every bodies opinion must be of equal value. This is new age broadmindedness that discriminates only against those with fixed Biblical principals. This is in actual fact the worst kind of narrow mindedness because it eliminates all other points of view. The broad-minded desire to refuse nothing and embrace

everything denies the very real distinction between opposing views and impolitely refuses to take them seriously.

- The consequence of relative values that makes everything “right” depending on the perspective of the person leads to social chaos. If the devil cant destroy men by giving them each unlimited power to do so, he will encourage them to each have their own way at the cost of everybody else because after all who’s to say that we cant gratify ourselves. This is real democracy (demoncracy) that insists on the rights of the immoral.
- **Ecumenism** is the religious attempt to look past differences and unite all religions under the banner of love, power and unity.

Pantheism: The belief that all is One and that One is God, thus all is God. This God is an all- encompassing, impersonal principle or force. A central doctrine for most eastern religions and New Age groups.

Universalism: The belief that all people will eventually receive eternal life. Many different groups hold to universalism from various perspectives and for diverse (and sometimes opposing) reasons. This doctrine can be found among liberal Protestants and Catholics, the New Age, and most non-monotheistic world religions.

- Evolution – relativism – pantheism – universalism
- The new age wants to make everything in the Bible physical laws (Christian science) and not moral law. Physical laws empower men while moral laws demand from men.
- The gospel of the occult is the promise of power to take charge of one’s own life and get out of life what one desires. It can not solve the moral bankruptcy of man.

2Co 4:4 In¹⁷²² whom³⁷³⁹ **the³⁵⁸⁸ god²³¹⁶ of this⁵¹²⁷ world¹⁶⁵** hath **blinded⁵¹⁸⁶ the³⁵⁸⁸ minds³⁵⁴⁰** of them which believe not,⁵⁷¹ lest³³⁶¹ the³⁵⁸⁸ light⁵⁴⁶² of the³⁵⁸⁸ glorious¹³⁹¹ gospel²⁰⁹⁸ of Christ,⁵⁵⁴⁷ who³⁷³⁹ is²⁰⁷⁶ the image¹⁵⁰⁴ of God,²³¹⁶ should shine⁸²⁶ unto them.⁸⁴⁶

Rev 12:9 And²⁵³² the³⁵⁸⁸ great³¹⁷³ dragon¹⁴⁰⁴ was cast out,⁹⁰⁶ that old⁷⁴⁴ serpent,³⁷⁸⁹ called²⁵⁶⁴ the Devil,¹²²⁸ and²⁵³² Satan,⁴⁵⁶⁷ which **deceiveth⁴¹⁰⁵ the³⁵⁸⁸ whole³⁶⁵⁰ world:³⁶²⁵** he was cast out⁹⁰⁶ into¹⁵¹⁹ the³⁵⁸⁸ earth,¹⁰⁹³ and²⁵³² his⁸⁴⁸ angels³² were cast out⁹⁰⁶ with³³²⁶ him.⁸⁴⁶

Naturalism

- **Science of the mind** teaches that God is a supreme, creative universal power and that man controls his destiny by mental processes.
- **Naturalism:** all events follow scientifically explicable laws of cause and effect. The belief that there exist scientific procedures for the release of spiritual energy. It is another version of scientism.
- **Christian science:** the belief that the Bible holds formulas that are spiritual laws that when applied produce wealth, health and power.
- **Positive confession:** the charismatic version of Christian Science and naturalism. The belief that faith is a law that activates the Force of faith.
- **New Thought:** Similar to Christian Science theology, however, it usually maintains the reality of matter. Rejects Christ as a person by explaining that the Christ is only a principle. New Thought believes the universe is “mental”,

God is "energy" and prayer is the scientific technique to release God energy by applying laws.

Rom 3:27 Where⁴²²⁶ is boasting²⁷⁴⁶ then?³⁷⁶⁷ It is excluded.¹⁵⁷⁶ By¹²²³ what⁴¹⁶⁹ law?³⁵⁵¹ of works?²⁰⁴¹ Nay;³⁷⁸⁰ but²³⁵ by¹²²³ the **law³⁵⁵¹ of faith.⁴¹⁰²**

G3551

νομος

nomos

nom'-os

From a primary word **νομος** nemo (to *parcel out*, especially *food* or *grazing* to animals); *law* (through the idea of *prescriptive usage*), generally (*regulation*), specifically (of Moses [including the volume]; also of the Gospel), or **figuratively (a principle)**: - law.

- These verses of the Bible are misquoted to mean a "spiritual" law of cause and effect when in actual fact it is referring to a moral law of man being made righteous by faith in the Lord Jesus the Christ.
- God is not part of creation and bound to the laws that He established to govern and maintain it. God is outside of His creation and supernaturally acts and intervenes against the laws that govern the material world.
- Those who try to pin God down to a set of rules and laws are motivated by a materialistic mindset.
- A miracle by any definition must violate the laws that govern the physical universe.

2Pe 3:12 Looking for⁴³²⁸ and²⁵³² hasting⁴⁶⁹² unto the³⁵⁸⁸ coming³⁹⁵² of the³⁵⁸⁸ day²²⁵⁰ of God,²³¹⁶ wherein^{1223, 3739} **the heavens³⁷⁷² being on fire⁴⁴⁴⁸ shall be dissolved,³⁰⁸⁹** and²⁵³² the elements⁴⁷⁴⁷ shall melt²⁷⁴¹ with fervent heat?⁵⁰⁸⁰

2Pe 3:13 Nevertheless¹¹⁶¹ we, according²⁵⁹⁶ to his⁸⁴⁶ promise,¹⁸⁶² look for⁴³²⁸ **new²⁵³⁷ heavens³⁷⁷² and²⁵³² a new²⁵³⁷ earth,¹⁰⁹³** wherein^{1722, 3739} dwelleth²⁷³⁰ righteousness.¹³⁴³

- The God we serve is outside and totally above his creation. That which is now seen and subject to laws will one day be destroyed.
- Evolution once again gives credibility to naturalism. It says that nature is all there is.
- The spiritual version of naturalism (faith movement et al.) teaches that God will act on certain "spiritual laws" if activated by the "believer". This version is also known as Christian Science.
- Shamanism is based on the belief that the spirit world can be manipulated by thoughts in the mind firmly held (positive mental attitude), by words repeatedly spoken (positive confession) and mental pictures of the desired thing.
- The charismatic faith movement is a combination of naturalism and Christianity that is nothing but Christian Science and that makes the preacher a Shaman with a Gnostic edge (familiar with the secret formulas that brings salvation).
- **Paganism:** Historically paganism has been used as a generic term to describe primitive non-Christian religions and superstitions. More recently paganism is used as an umbrella term referring to Wicca/Witchcraft, ceremonial Magic, nature worship, polytheism (especially female deities), and ancient mythologies (Celt, Norse, Egyptian, Greek and Roman).

- Naturalism with its scientific explanation for everything makes its Christian version namely Christian Science nothing but a scientific paganism. Naturalism and scientism in the study of spiritual phenomena is also the father of parapsychology.
- The prestige of science backing the new paganism has guaranteed its acceptance by the educated world.
- The only difference between ancient paganism and the modern gospel is that the shamans and priests have exchanged their robes and rituals for suit and tie and laws of faith and are now called pastors.
- Christian science is the practical religion that keeps man in control and reduces God to a force that works by laws.
- One of the marks of a cult is that its followers must accept without question the authority, understanding and infallibility of its leaders.
- The new Christianity gives itself cult status by following a leader who has the secret "revelation" of the knowledge of spirituality.
- Devils gladly respond with a seeming miracle to the "faith confession" in order to deceive and seduce the unsuspecting into further delusion.
- The enormities of delusions of modern preachers are only exceeded by the enormity of their pride.
- By definition everything that can be explained by scientific law, whether physical or spiritual, cannot be a miracle.
- Mans zeal to explain and control the spiritual led him into legalism and dead religion.
- The gifts of the Spirit are under the direction and control of God and are provided by His grace exclusively for His purpose and Glory. The gifts are not for the individual to poses and to be used and "activated" as he sees fit.
- Miracles and the activity of the Holy Spirit come by the empowerment and direction of God, and not by human initiative, mandate or activation.
- The gifts of the Spirit cannot be taught.
- The devil will quickly step in and manifest a gift that is supposedly under the control of the "believer". This will be lying sign and wonder to bring deception.
- God's power also exerts a moral influence, which is entirely lacking in any natural power.

Native and Nature Religion

- Ecological preservation is not so much emphasized for the sake of nature preservation but for the sake of a belief in nature spirits and "mother earth" (Gaia).
- The popular DELUSION that anything natural must be beneficial, has gained unchallenged acceptance.
- The western world is seeking oneness with nature because it suits the Eastern Pantheistic worldview that all are one and all are God.
- Man is encouraged to recognize his oneness with nature a to seek this oneness with the universal mind through "higher states of consciousness".
- The Christian worldview that separates matter and spirit is blamed for the destruction of nature.

Pantheism: The belief that all is One and that One is God, thus all is God. This God is an all-encompassing, impersonal principle or force. A central doctrine for most eastern religions and New Age groups.

- The world condones witchcraft under the popular euphemism of "traditional medicine" or "native cures" and at the same time criticizes and objects to a Christian worldview.
- Pagan religions are taught in school under the name of "culture" studies.

Animism: The idea that all things in the universe are inherently invested with a life force, soul or mind. This belief is an important component of many primitive religions, the Occult, and Spiritism.

Idolatry: 1.) The worship of idols, images, or any thing made by hands, or which is not God. Idolatry is of two kinds; the worship of images, statues, pictures, &c. made by hands; and the worship of the heavenly bodies, the sun, moon and stars, or of demons, angels, men and animals.

2.) Excessive attachment or veneration for any thing, or that which borders on adoration.

Fetichism: The worship of idols among the Negroes of Africa, among whom fetch is an idol, any tree, stone or other thing worshipped.

- Nature religion beliefs that they take on and become the qualities of the being that they worship. They will always carry and amulet that comes from the animal from which they received their power. The animal from which they receive their power is called the "power" animal.

Amulet: Something worn as a remedy or preservative against evils or mischief, such as diseases and witchcraft. Amulets, in days of ignorance, were common. They consisted of certain stones, metals or plants; sometimes of words, characters or sentences, arranged in a particular order. They were appended to the neck or body. Among some nations, they are still in use.

- The identity of the intelligence behind pagan religion is betrayed by its anti-Christian qualities.

Taoism, Lao-tzu: Chinese philosophy teaching that there is no personal God-all is the impersonal Tao (similar to impersonal God- force of Hindu pantheism). The Tao is composed of conflicting opposites (Yin and Yang), which should be balanced or harmonized through Yoga, Meditation, etc. to promote spiritual wholeness. According to legend, Taoism founder Lao-tzu wrote Tao Te Ching ("The Way and Its Power") about 550 BC. His teaching was developed and spread in the third century B.C. by Chuang-Tzu whose writings inspired the Tao Tsang, 1200 volumes of Taoist scripture.

Yin and Yang: New Age concept borrowed from Taoism holding that the universe consists of two opposite energy forces (positive/negative; male/female, etc.). Both are necessary and both must be harmonized for proper function. This Yin and Yang also flow through the human body so that a balance is required to maintain health. Many New Age medical techniques are based on attempts to balance this alleged energy or chi. When all is balanced, the Yin and Yang harmonize and the body works properly.

Holistic Health: (New Age Medicine/Alternative Medicine) A view of health care focusing on the "whole self" (body, mind and spirit) and natural or spiritual cures. Some Holistic Health remedies and assumptions (i.e., a focus on wellness and prevention) are well within the Christian worldview and are scientifically valid. Much within this movement, however, is based on pantheistic concepts, New Age "Visualization," and eastern religious beliefs such as Chinese Taoism (Yin and Yang).

Most questionable are such holistic practices that have no valid physiological explanation or valid scientific proof such as Applied Kinesiology, Reflexology and iridology.

Hinduism: A major world religion, which teaches that ultimately matter, is an illusion, God is an impersonal force and that all (including man) is God. Many of the underlying presuppositions of Hinduism are incorporated, modified, and expanded upon in the New Age Movement.

Anthropology: 1.) A discourse upon human nature.

2.) The doctrine of the structure of the human body; the natural history or physiology of the human species.

3.) The word denotes that manner of expression by which the inspired writers attribute human parts and passions to God.

*A system of belief that says humans should base their behavior on nature justifies any behavior because nature knows no morals or ethics. **Ethics:** The doctrines of morality or social manners; the science of moral philosophy, which teaches men their duty and the reasons of it. A system of moral principles; a system of rules for regulating the actions and manners of men in society.

Native American Spirituality: The religious beliefs, practices and rituals associated Native Americans. Early Native American beliefs, though diverse, often shared common religious ideas. Many believed in a "Great Spirit," that nature in all of its forms possessed spirits, and that all life was interconnected. Seasons and moons often were viewed as marking times of evocation for spirits and prosperity. New Age beliefs have been promoting a revival of Native American spirituality seeing obvious parallels with their views.

- The new age teachers promote unity with nature and nature religion but do not talk about the savageness and bloodthirsty nature of the people who follow these demons.
- Paganism has always brought fear and death once the veneer of harmony and peace wears off and the nature of the devils behind it are revealed.
- All false religions are nothing else but different doorways into the same worship of devils.
- In all nature religions there is a presumed cause and effect relationship between rituals or ceremonies and obtaining of power or blessing. Nature religion is ritualistic and like all occult beliefs convinced that "spirits" are subject to formulas and chants.
- Without being directly connected nature religion is in principal the same as Christianizes Science.
- Wherever devil worship in any form is practiced the people remain poor, sick and enslaved to fear, hate and superstition.
- All paganism is based in the belief that repeating certain chants or performing rituals can obtain spiritual favor.
- In the last day spiritual awakening to devils and demons, a great contribution will come from the indigenous peoples idolatry because it worship the same god as the new age.

Spirit Possession

* Lev 20:6 And the soul⁵³¹⁵ that⁸³⁴ turneth⁶⁴³⁷ after⁴¹³ such as have familiar spirits,¹⁷⁸ and after⁴¹³ wizards,³⁰⁴⁹ to go a whoring²¹⁸¹ after³¹⁰ them, I will even set⁵⁴¹⁴ (853) my

face⁶⁴⁴⁰ against that¹⁹³¹ soul,⁵³¹⁵ and will cut him off^{3772, (853)} from among^{4480, 7130} his people.⁵⁹⁷¹

Deu 18:11 Or a charmer,^{2266, 2267} or a consulter⁷⁵⁹² with familiar spirits,¹⁷⁸ or a wizard,³⁰⁴⁹ or a necromancer.^{1875, 413, 4191}

- Familiar spirit: A demon or evil spirit supposed to attend at a call.

Necromancy: Attempts to discover the future or obtain information by invoking help of the dead or communication with the dead.

Divination: The biblical term describing attempts to supernaturally gain hidden knowledge, usually about the future, apart from the God of the Bible (Ezekiel 21:22-25, Acts 16:16). Most often props are involved such as the hand (palm reading), the stars (astrology), cards (Tarot), or random symbols (I Ching).

*The purpose of devils speaking through mediums, pretending to be the spirits of the dead, is to encourage faith in the lie that death is an illusion and entry into a higher evolutionary state.

- The Catholic Church practice consulting the dead through praying to and through their "saints".
- All channeled material parrot the lie of the serpent in the Garden of Eden.

Apparition: a visible spirit, an appearance, a ghost becoming visible.

- The main theme that is communicated through various channelers is: man's oneness with God, his ignorance of his oneness, regaining oneness through enlightenment, reincarnation in the evolutionary process of attaining our higher self.
- The attempt of demonic communication is always to discredit or correct the Bible for erroneous teaching or narrow-mindedness that have offended sinners.
- Through channelers "ascended masters" teach the blasphemy that Jesus the Christ is just another of the evolved masters that knew the illuminated secrets. He was just a god like all the masters and like all men. Similar to his lie in the Garden, the serpent attacks the authority and character of God and seeks to deify men.
- It is through the communication of devils with men that the new age Jesus (Lucifer) is introduced to man and is set up as God in the temple of God.
- Altered states of consciousness induced through Eastern Mysticism and Hypnosis opens the brain and body to be controlled by another mind or spirit personality.
- The center to which all roads of spirit consulting lead is devil possession. Possession involves the invasion of the person by another independent entity.

DRUGS, VISUALIZATION AND POSSESSION

- Drugs and demon possession goes hand in hand and mind altering substances becomes the launch pad for mind trips into the occult.
- Drugs opened the western mind to Eastern Mystic influences.
- The shaman must enter an altered state of consciousness to obtain his spirit guide and affect his sorcery; often the means of doing so is through mind-altering drugs.
- Psychedelic drugs brings an effortless separation between the (mind/soul)/spirit of man and his brain, this gap is then occupied by a demon mind that operates the brain.
- To artificially improve moods with a pill deny the person the strengthening experience needed for real solutions.
- To many people get through their daily chores on a drug induced fog.

- The only known chemical imbalance in the brain, known to science, is that which is induced by prescription medication. Freud's psychological theories replaced commonsense Bible truth, biopsychiatric theories of chemical imbalance in the brain has replaced psychological theories.
- All psychiatric drugs produce their effect by causing brain dysfunction.
- All prescription drugs given for psychological disorders are given not on a diagnosis of the brain but on a behavioral profile.
- The occult uses Thinking, speaking and visualization to create their own reality; all these are supercharged when the person is on drugs.
- Spirit possession comes through necromancy, astral travel, drug-induced trances, Eastern mystic meditation (think, speak, visualize).
- The demon spirit is only looking for an opportunity to bring his subject to an altered state of consciousness so that he can take over the brain and lead him into any and every demonic delusion.
- Once introduced to visualization the gap between what is visualized and what materialize is quickly closed and direct contact is made with demon entities.
- At first the man creates the image through visualization, thereafter the devil takes over and creates the vision in the mind.
- It is much more acceptable to believe that one is being led by his own human potential and imagination than to confess the reality of devils and their deceptive work in those that practice visualization techniques.
- The purpose of TM and other Eastern meditation techniques are to break down barriers that were placed there by God to prevent a demonic takeover.

2Co 11:14 And ²⁵³²no ³⁷⁵⁶marvel; ²²⁹⁸for ¹⁰⁶³Satan ⁴⁵⁶⁷himself ⁸⁴⁶is transformed ³³⁴⁵into ¹⁵¹⁹an angel ³²of light. ⁵⁴⁵⁷

- One of the great purposes of demonic contact is to bring confusion about what is real and what is not. The result is pure Hinduism that teaches all matter is an illusion and that the spirit is more real than the present and physical.

Ecology, Science and Shamanism

*The pantheistic belief of the new age gave a religious motivation to the protection of earth and nature.

- The focus on conservation calls for a "biospiritual" faith.
- The loss of personal significance and the flood of new technologies led to the current back to earth rebellion that, similar to the romantic age, is leading its proponents into the pantheistic and animistic occult worldview.
- Christians are deceived into caring for the earth instead of preparing souls for eternity.
- Like all the plots of the enemy to bring in his systems, an overemphasis is placed on the problem only to import a humanistic solution that would eventually bring bondage and enslavement.
- Political leaders, church leaders and ecologists have gathered together under the banner of Global Forum to unite efforts for the global survival of man and nature. Instead of discussing man's impending doom at the judgment seat of God, the destruction of earth and its resources seems to be

the only focus. This demonic decoy leads men away from the real reason of the fall and destruction of creation.

- World leaders promote the lie that ecological problems can be solved only through a "new spiritual" approach. This approach is obviously the worship of mother earth, nature forces and earth spirits that supposedly dwell in everything in nature. Saving the earth by worshiping it is nothing else but the revival of ancient paganism.
- The green movements are the humanistic attempts to restore the lost paradise of Eden without acknowledging that the problem is mans rebellion against his Creator.
- One cannot both believe in evolution and ecological preservation of species or habitats.
- The idea that all things are interconnected and interrelated led to the shamanic fantasy that human consciousness can change the environment.
- The return to nature is a basic message in almost all communication with the occult world.

Eastern Mysticism

- The basic model of man that led to the development of Eastern mysticism is the same that led to humanistic psychotherapy.
- Eastern mysticism has penetrated every area of thought of Western society and is presented as the normal, accepted and mass way of thinking.
- The drug movement of the 60's and the underlying rebellion to a merciless system opened the door to the alternative gospel of the Eastern gurus.
- No Christian missionaries are allowed among Hindus in India, but Hindus are actively evangelizing the world with their demonic filth.
- Hinduism and Buddhism infiltrate our society, government, schools and science, while Christianity is banned as a religion.
- Eastern mysticism is marketed under the guise of science and the scientific holistic approach. The Greek mindset of Westerners swallows this demonic lie fully since it appeals to the lust for knowledge.
- Eastern mysticism promotes the idea that the alternate spiritual reality is more real than the "cultural trance" we call reality. Psychology echoes the mystic lie and declares that the "subconscious" is the real and the conscious the dream state.
- The purpose of fantasy demon land is to make men reject the impoverished world of consciousness and pursue the spirit world.
- Eastern meditation techniques were designed by demons to help men escape from the unreal world of time and senses.
- The Eastern mystic so-called "awakening into higher consciousness" is actually the demonization of mankind in preparation for Antichrist and his world religion.
- Channeled messages describe the influx of Eastern meditation and "health centers" as beachheads secured by the demon world for the occult invasion.
- In Eastern mysticism death is an illusion and Yoga and meditation was developed to escape the endless cycle of reincarnation to reach a state of godhood.
- Jesus the Christ was resurrected not reincarnated. The Antichrist will likely claim to be the latest reincarnation of Christ.

- Regression into the past through “scientific” techniques and under the banner of Psychology serves to supposedly confirm the existence of past lives and the belief in reincarnation.
- Evolution is the essential partner of reincarnation. Evolution is just the “scientific” Western version of reincarnation.
- The source behind psychic power is not atomic but demonic.
- Meditation as promoted by the Mystics is a process by which the man ceases to think, and empties his mind. This passive state is the door for demonic possession.
- When the mind becomes passive the meditator enters into an altered state of consciousness and is introduced to demonic fantasyland.
- The feeling of being part of everything else in the universe is known as unity or cosmic consciousness.
- The delusion of Eastern mysticism seeks unity with an impersonal universe; this is in contrast to the personal and moral God of the Bible.
- Men would rather reject their misconceptions about Christianity and pursue Mysticism than to seek after and inquire about the God of the Bible.
- Love is meaningless without truth and Christian love can function only within the boundaries of God’s moral character of holiness and righteousness.
- The new world religion is a smorgasbord of science, psychology, Eastern mysticism and ancient paganism.
-
